## NEW LIBRARY BOOKS

LATEST ADDITIONS INCLUDE GOOD WAR STORIES AND OTHER FICTION.

Heading the list of new books at the city library is Gene Stratton Porter's new book, "A Daughter of the Land," which has been pronounced "as stimulating in its traditional appeal as any of her previous books, yet far surpasses them in genuine inspiration." The book is in tune with the earnest mood of the times.

"Only a Dog," by Smith, is a pretty little story of a soldier and his dog both of whom give their life in service.

"Isabel Carlton's Year," by Ashmun, is a girl's book, a college story which will be much enjoyed.

"His Home Town," (Evans) is a simple romance, entertaining but not exciting.

Lovers of mystery and detective stories will be glad to learn that several have been included in this last addition to the library. One of these is "Suspense," by Ostrander, a very good story of its kind. "Ransom," by Roche, and "A Pair of Silk Stockings" are also in the detective line and will serve to distract and entertain mortals wearied with "the cares of the day."

"The Return of the Soldier" (West) is a psychological study and tells the pathetic story of a soldier who has been gassed.

"Over the Seas for Uncle Sam" is made up of letters from Jack Tars and Sammies and Red Cross nurses which are intensely interesting.

"The Light Above the Cross Roads" tells the experience of a young Englishman whose parents migrated to Germany, where he was born, and who wanted to return to England when the war broke out but was persuaded to remain as a spy, how he compromised himself in the eyes of his sweetheart, but how it all came out right in the end.

"F. L. Means' Iisi dialect stories and folk lore of the older generation of negroes who are so fast disappearing that it is well some one takes the trouble to make a record of their traditions, superstitions and sentiments.

"Khaki" (Tilden) is pronounced one of the best war stories we have had to date.

"Something that Begins with 'T'" is an excellent romance of the old fashioned sort, not a war story. It is by Straham.

## SWAT THE KAISER.

The promoters of the big Red Cross benefit "The Harvest Festival" which is on for today and tomorrow, afternoon and evening at the High School grounds, hope that every patriot will come out and "Swat the Kaiser." Mrs. C. B. Guittard will be there to see that everybody gets a good chance for as many shots at his Satanic Majesty as they want to take. They will find it a very satisfying way of expressing their sentiments and disposition toward the aforementioned crowned head, which, by the way, is said to be off its base with "some mental trouble." It ought to get a lot of hits at the Harvest Festival and good hard ones at that.

## "SONS OF AMERICA"

NEW AND STIRRING PATRIOTIC SONG IS LEARNED AT THE COMMUNITY SING.

In spite of the fact that many members of the Community Sing organization were engaged last evening at the rehearsal of the big entertainment to be given tonight and Saturday evening in connection with the Harvest Festival, the audience which gathered at the High School Thursday night to sing under the leadership of Prof. Hugo Kirchoffer, was big and inspiring in its enthusiasm and its response to the impulse of its director. It not only filled the main auditorium but reached well back into the annex, and demonstrated that it is an established success. As Mrs. Gates of Hollywood was unable to be present, Mrs. L. N. Hagood took her place at the piano with satisfaction to all concerned.

The numbers that had been practiced at previous meetings were rehearsed and considerable time was given to the novelty of the evening, the stirring patriotic song "Sons of America," which was learned by rote and made such an impression on the community consciousness that members in all parts of Glendale were singing it this morning, especially the men.

The community sing was certainly a fine idea and its promoters must feel very happy over its popularity.

## TRUSTEES' MEETING

SYCAMORE CANYON ROAD IMPROVEMENT HEARING IS POSTPONED.

The board assembled at 8:05 p. m., September 19, 1918. All members were present. The minutes of the last meeting were read and approved.

At this time the postponed hearing of the protests against the assessment for the opening and widening of Sycamore Canyon road were taken up. In this connection a letter was

read from the City Attorney covering the question referred to him at the last meeting of the board, as to whether the board is authorized to postpone further proceedings in the matter without losing jurisdiction.

In conclusion the opinion of the City Attorney is as follows: "I therefore advise you that you will lose no jurisdiction in connection with any reasonable delay which you may wish to bring about in connection with said improvement."

Engineer J. W. Reagan was present and informed the board that it would be necessary for the city to go ahead with this or other similar work calculated to take care of the storm water in this vicinity before the county appropriation for taking care of the storm water of Sycamore Canyon could be made available.

Trustee Shaw made a motion, seconded by Trustee Henry which was adopted, that further hearing in this matter be postponed until December 19, 1918.

An application for permit to hunt within the city limits of Glendale was received from P. W. Schirman.

On motion of Trustee Henry, the permit was granted, confined, however, to the neighborhood of Verdugo Canyon, with the usual restrictions as to obtaining permission of the property owner.

A communication was read from the Mayor of Riverside, inviting all city officials to attend the convention of the league of California Municipalities to be held in that city October 15th to 18th inclusive, 1918.

On motion of Trustee Muhleman, it

## DEATH OF W. L. HENDERSON.

Another old resident and highly esteemed citizen of Glendale passed away Thursday, September 19, when William L. Henderson died at his home 336 North Geneva street. Mr. Henderson was born near Wheeling, W. Va., April 25, 1848, and was therefore more than 70 years of age at the time of his death.

Mr. Henderson was a retired farmer. He spent eighteen years of his life in that occupation in Peoria county, Ill., and was a Nebraska farmer for twenty-two years. Fifteen years ago he came to California from Saunders county, Nebraska, purchasing the home on Geneva street, where he lived until the time of his death.

The deceased is mourned by his wife and one brother, George Henderson, of Colon, Neb.

Funeral services will be held in the parlors of the Jewel City Undertaking company, Saturday, September 21, at 2:30. Rev. C. R. Norton will officiate.

## TENNIS TOURNAMENT.

At the tennis tournament which will be held in connection with the Harvest Festival on the tennis court of the Glendale High School Saturday afternoon, September 21, the ladies in charge promise some very good tennis. There will be comfortable chairs and shade where you may sit and enjoy the game. There will be a collection taken and cornucopias and punch for sale, all for the benefit of the Glendale Chapter, Red Cross. Don't forget the tennis. Bring your friends. Everybody welcome.

## CALL FOR REGISTRANTS

Paul Henry Steinmeyer of 139 So. Louise street, Glendale, was sent Wednesday to Camp Kearney to take the place of another registrant from this district who was rejected after his arrival at camp. He has been in the employ of the Southern California Telephone company, and has had clerical experience.

The local Exemption Board has openings for two limited service men for voluntary induction, one at Fort Worth and one at Vancouver.

## STREET IMPROVEMENT.

The city has begun on its program of street repair and improvement. This week its road machinery has been busy on Harvard street in the block facing the High School where the surface has been scarified and rolled and a top dressing of oil will be applied in a few days there and on some of the cross streets on which work has been done.

## SEVENTY-SEVEN KILLED IN ACTION

FOUR HUNDRED AND TWELVE NAMES IN THE CASUALTY LIST REPORTED BY THE WAR DEPARTMENT TODAY

(Special Service to Glendale Evening News)

WASHINGTON, September 20.—Today's casualty list contains the names of 77 killed in action; missing in action, 108; wounded severely, 172; died of wounds, 27; died from aeroplane accident, 1; wounded degree undetermined, 3; died from accident and other causes, 11; died of disease, 13.

Californians named in the list are:

Missing in action—Lloyd H. Taft, Cupertino; Benj. F. Goode, Corona; Fred Tripp, San Jacinto; Claude Williams, Hemet.

Wounded severely—Jue Kee Pon, 330 Marchessault St., Los Angeles; Julio Ruiz, San Francisco; Joseph Samuels, 153 N. Ohio St., Los Angeles; Arthur G. Carter, Corona; Tino Flores, Redlands.

## BOLSHEVIKI ON THE RUN

OVERWHELMINGLY DEFEATED BY ALLIED TROOPS. GERMANY SAID TO HAVE AGREED TO EVACUATE RUSSIA

(Special Service to Glendale Evening News)

LONDON, September 20.—Petrograd dispatches say the Russians and Germans have signed an agreement providing for the German evacuation of all occupied Russian territory.

An official report from the Allied expedition to the Russian Murman coast announces that the Allies have overwhelmingly defeated the Bolsheviks and their German officers, and the allies are now pursuing the fleeing troops. Thousands of rifles have been captured, quantities of munitions, and many boats.

## TEN THOUSAND BULGARIANS TAKEN

LAST REMAINING GERMANS HAVE BEEN DRIVEN FROM HINDENBURG LINE OUTPOSTS ON PICARDY FRONT

(Special Service to Glendale Evening News)

PARIS, September 20.—The French last night captured Essigny le Grand, taking many prisoners. East of Le Catelet the Germans counter-attacked five times, but all attacks were repulsed with heavy losses.

Along the Aisne the French advanced at several points.

The Echo de Paris announced today that the Allies had taken ten thousand Bulgarians in Wednesday's fighting on the Salonia front.

British reports show the Allies have turned the last two days' fighting into a complete success, winning back all ground which German counter attacks took from them. The last remaining Germans have been driven from the Hindenburg line outposts between Cambrai and St. Quentin and the British now hold the bridge approaching the St. Quentin canal, holding ground which the Allies have not held since the war started.

## AMERICAN 12 INCH GUNS BOMBARDING METZ

(Special Service to Glendale Evening News)

WASHINGTON, September 20.—Following a conference at the War Department today, members of the House Military Committee said they had learned that American twelve-inch guns are now regularly bombarding Metz.

## BRITISH ADVANCE TWO MILES

MAKE GAINS IN LEMPY SECTOR AND CAPTURE MANY SMALL WOODS AND NUMEROUS GERMAN OUTPOSTS

(Special Service to Glendale Evening News)

LONDON, September 20.—British forces last night recaptured Moeuvres and today fighting is continuing violently in that region. The British have advanced two miles in the Lempy sector west of Le Chatelet, despite violent opposition. They have captured Lassise Farm, many small woods and numerous German outposts.

## SUNDAY CLOSING LAW REPEALED

LOS ANGELES CITY COUNCIL TAKES ACTION PENDING ITS SUBMISSION TO PEOPLE AT NOVEMBER ELECTION

(Special Service to Glendale Evening News)

LOS ANGELES, September 20.—The City Council today voted unanimously to repeal the Sunday closing law pending action by the voters at the November election, when it will be submitted to the people on a referendum.

## MISSISSIPPI RIVER STEAMER AGROUND

ACCIDENT OCCURS NEAR QUINCY, ILLINOIS, BUT ALL OF THE 400 PASSENGERS ARE SAVED

(Special Service to Glendale Evening News)

BURLINGTON, Ia., September 20.—The steamer St. Paul, carrying 400 passengers ran ashore at a point on the Mississippi river near Quincy last night. Reports state that all passengers were saved.

## SHORT NURSE'S COURSE

ADVENTISTS PROVIDE INTENSIVE TRAINING TO FIT MEN FOR ARMY NURSING.

Frank A. Coffin, Corresponding Secretary of the Pacific Union Conference, reports that at the Loma Linda Sanitarium which his church maintains, an intensive training school which will fit men for army service as nurses in six months' time, has been established and will very soon be opened to students. Barracks similar to those provided at the regular army camps are being built that all the conditions may be as like the army as possible. There is great need of men in connection with army hospital units and inasmuch as the men of the Seventh Day Adventist faith are non-combatants by religious conviction but at the same time are loyal Americans, anxious to do their part at the front, it has been deemed a wise thing to establish this school. In accepting students, priority will be given to the ages which will be called first, viz. men between nineteen and thirty-six.

As stated the training will be intensive and specialize on the essentials of army nursing, but will be thorough too and fit the students to undertake the work at the front in an energetic, competent way, and make them valuable to the government. As the Red Cross finds its way to the front and has suffered like other units from the bombardments of the enemy, a hospital assignment may be as fraught with danger as is the life of the fighting men at the front, particularly in the field hospitals which gather up the wounded under fire. The school under present plans will accommodate about one hundred students and will probably fill up immediately, as boys of the Seventh Day Adventist faith are not unlike other boys. They want to be helping over there to win the war even if they do think it wrong to carry a gun and shoot the Hun.

## BIBLE CONFERENCE COMMITTEES.

The following committees have been appointed, and will direct the different phases on the conference: Literature—Mrs. A. E. Hennon, Miss Florence Hedges. Ushers—R. D. King, Dr. J. K. Gilkerson.

Music—Mr. and Mrs. A. M. Z. des Plantes. Publicity—Miss Margaret Nichols. Entertainment—Mrs. M. P. Harrison, Mrs. J. J. Davis.

Finance—R. D. King. Reception—A. E. Hennon, R. A. Peterson, Mrs. Z. L. Hesse, Mrs. T. Weien.

The conference opens Sunday morning at 11 o'clock, with the conference sermon by Dr. E. P. Lyon, of Pasadena, who will also preach at the evening hour 7:45.

Dr. A. C. Gabelein, the principal speaker of the conference, will give the address Sunday afternoon at 3:30. Subject: "The Jewish Question."

The public is cordially invited to all sessions of this interdenominational gathering.

## LIBERTY LOAN MEETING.

The chairmen of the Glendale Precinct Liberty Loan committees met Thursday evening in the Red Cross headquarters for the purpose of arranging details of the approaching Fourth Liberty Loan drive which opens Saturday, September 28.

F. H. Vesper, chairman of the Glendale district presided. The districts were represented as follows:

No. 1.—C. B. Wilde, Mrs. A. A. Barton.

2.—E. M. Hitchcock, Mrs. G. D. Roach.

3.—W. B. Kirk, Mrs. C. E. Harlan.

4.—Walter S. Smith, Mrs. T. W. Preston.

5.—J. G. Hunchberger, Mrs. J. G. Hunchberger.

6.—Miss Alice Frank.

7.—Norton C. Wells, Mrs. Hartley Shaw.

9.—W. E. Hewett.

The chairmen of the committees were instructed to appoint their assistants and all are invited to be present at a Liberty Loan booster meeting at the Glendale High School auditorium next Thursday evening.

The interest was intense, especially was this true when it was announced that the Glendale district would be expected to subscribe two and a half times the amount subscribed in the previous loan drive.

WEATHER FORECAST: Fair except cloudy or foggy near the coast. Gentle southwesterly winds.

## STAGE BEING SET

HARVEST FESTIVAL A THING OF BEAUTY AND A RIOT OF FUN AND FROLIC.

The supporting framework for an elaborate stage which faces the grand stand on the athletic field at the High School was in place yesterday and gave promise that when it had been camouflaged into the semblance of a beautiful arbor by the greenery with which it was to be covered, it would furnish a lovely setting for the pageant and other numbers of the evening program at the Harvest Festival which will take place tonight and Saturday evening. The managers of the festival seem to have rather disregarded the conservation policy in planning for this affair, for they have been lavish in the entertainment provided both in numbers and quality, and if their plans materialize, and they surely will, it will be quite like a three-ring circus with the visitors desperately trying to see it all. No one will want to miss anything if it is half as good as has been indicated.

Mrs. Glenwood Jones, the new secretary of the Junior Red Cross, with other workers to help her, was busy yesterday

## OUR INDIVIDUAL PART

Some observers think that the most characteristic thing about the American soldiers in France, something which astounds the enemy and excites the admiration of our allies, is the capacity of the American soldiers to do individual thinking and fighting. The German fights successfully only in mass formation, in organized bodies, while every American soldier has an initiative and independence of action which gives him remarkable efficiency in open fighting. They are not senseless cogs, but each is an individual working unit in a great fighting machine.

Every American at home should feel an individual responsibility and do his or her individual part in winning the war. There is not an American citizen who can not help win the war. The Fourth Liberty Loan drive, which begins September 28, offers a great opportunity for concerted action and for individual action, and the loan will be a tremendous success if each American will do his or her individual part as each American soldier in France does his part. Our soldiers deserve such support from the people at home.

## NO COVENANTED PEACE WITH GERMANY

America, unless we repudiate civilization and abandon humanity and put a premium on savagery and brutality, can make no covenanted peace, no peace by agreement or negotiation with Germany. It would be a covenant with hell, a partnership with infamy.

Nor would such a peace secure peace, except so long as it suited Germany. We can judge the future only by the past, and to Germany sacred treaties are scraps of paper only. Germany's whole history is a record of national treachery, national bad faith, national dishonor, national murder, and national infamy.

Article 56 of The Hague Convention, to which Germany solemnly subscribed, is: "Family honors and rights, the lives of persons and private property, as well as religious convictions and practice, must be respected. Private property can not be confiscated."

The world knows how Germany has observed this article. There are millions of individual witnesses to her flagrant breaches of it. Every acre of foreign soil Germany has occupied bears mute but unimpeachable evidence of it. There is plenty of Germany evidence of it, too.

The goods of different sorts seized in the enemies' territories are in such large quantities that the difficulty of knowing where to put them increases day by day. At the request of the Prussian minister of war, all chambers of commerce have been asked to give all possible information with regard to storehouses, sheds, etc., which could be used temporarily to warehouse the spoil." (From the Frankfurter Zeitung, January, 1918.)

The German papers have been crowded with advertisements of sale of property taken from France and Belgium. Members of the Reichstag have boasted of, others have censured, the amount of booty brought to Germany from the occupied territory, and the destruction has been far greater than the confiscation.

Of the old men and children murdered, of the women and girls ravished, of the noncombatants taken from their homes and deported to work for their conquerors, of the merchant ships sunk and passengers and crews murdered, of the hospital ships sunk, the hospitals and unfortified cities bombed, of the mutilation and murder by crucifixion and otherwise of wounded and captured soldiers—of all this beastliness there is plenty of evidence, evidence that no one can disbelieve.

The best answer to German peace propaganda is sinking more U-boats, sending more men to France, speeding up our work along every line, and a heavy subscription to the Fourth Liberty Loan. Peace must mean the triumph of right and justice, the defeat of Germanism, not a truce with it, not a compromise with it.

Our soldiers in France are gloriously doing their part toward victory; the Liberty Loan subscription must show them that the people at home are doing theirs.

## SOME STRANGE BREADS OF OTHER LANDS

Recent dispatches from Germany have referred to bread made of beechnuts and acorns. This serves to recall that in the early days both of these were put to the same usage. Acorns are still made into bread by certain Indian tribes, and in colonial times acorn meal was common among the natives. It is said that after being boiled several times the acorns lose their bitter taste, becoming sweet and wholesome.

Almost everything that grows has been called upon to make bread for man. In remote ages the Egyptians of the Nile valley prepared bread from the seed of the lotus flowers. These flowers grew abundantly in the mud of the river bottom, and when the annual overflow receded there was a harvest of lotus flowers, just as we harvest wheat today.

Early records of the north European peoples, particularly in

Scandinavia, shows that the poor subsisted partly on bread made of nothing more substantial than ground moss. But this had such light nutritive value that it was almost worthless as a food. The Germans are eating potato flour bread, also a familiar makeshift of other days. When the ground potatoes are mixed with rye or wheat the bread is not unpalatable.

The Italians are adding to scant war rations with chestnut bread. The chestnuts of Italy and Spain are much larger than those of America, and chestnut bread is a familiar article of diet in both lands. We also hear much of banana flour, which is used to some degree in South America. Numerous attempts have been made to introduce it into this country, and it is now being manufactured commercially. If we may believe those who profess to know, banana flour is both nutritious and palatable.

The Mexicans and South Americans grind peas and beans into a meal which is then made into little cakes and fried. All kinds of cereals are eaten as bread the world over, millet being one of the most popular in the east. Should the war continue for a number of years, it is just possible that the American people may be compelled to make the acquaintance of other breadstuffs than those to which they are accustomed.—The Mediator.

## "RULE OF SEVEN" IN SUGAR USE

Seven ways for daily sugar saving:

1. Use fresh fruits without sugar.
2. Cook dried fruits without additional sugar; they already contain sugar.
3. Can more fruit without sugar; put up fewer jams and jellies.
4. Use less sugar in tea and coffee; you will soon learn to like them better.

1. Avoid such sugar luxuries as candy, cakes, chewing gum, sweet drinks and sodas.

6. Use honey, maple sugar and syrups and other sweeteners when available.

7. Cut out all deserts or other dishes that require much sugar. Seven whys for short supplies:

1. Our great war program has reduced our sugar-carrying fleet.
2. The sugar requirements of our overseas army are very large.
3. Our own sugar crop is less than we expected.
4. The small island, Cuba, must feed the world with sugar.
5. We have diverted 50,000 tons of sugar shipping in order that Belgium should have food.

6. Germans have destroyed sugar beet fields and factories in northern France and Italy.

7. More than 50,000,000 pounds of sugar have been sunk off our shores by German submarines.

The above are suggestions from the United States Food Administration at Washington, and are more than merely suggestive.

## GERMAN CROWN PRINCE DANGEROUS

The opinion generally held of the Crown Prince, at any rate outside of Germany, is certainly different from that which has recently been published in The Forum by Capt. Edward Lyell Fox. Since Captain Fox lived in Berlin for many years before the war, his verdict is worth hearing. It is essential, in these days, to make no mistakes in computations of the actors in the world's drama. This is how Captain Fox describes the heir to the Kaiser's throne:

"The Crown Prince is clever—amazingly so. His face does not show it. He has been caricatured to represent a rabbit. There is no denying that his features look weak. He has often been photographed grinning in a silly way; but the grin can be sinister too. For Friedrich Wilhelm is one of the most dangerous and sinister men in the world. . . . Because of his skill as an actor, because of his ruthless ideas on divine right, because of his recklessness, of his lack of religious fear—which fear his father has—the Crown Prince is a much more dangerous man than the Kaiser."—C. S. Monitor.

## THE COLORED AMERICANS

In commuting the death sentences of 10 of 16 colored soldiers convicted in the courts-martial growing out of the Houston, Tex., riots some time over a year ago, President Wilson says:

"I desire the clemency here ordered to be a recognition of the splendid loyalty of the race to which these soldiers belong and an inspiration to the people of that race to further zeal and service to the country of which they are citizens, and for the liberties of which so many of them are now bravely bearing arms at the very front of great fields of battle."

It is believed that the action of the President, especially with his reason given for his clemency, will meet with the approval of the American people.

The colored Americans as a race have proved their loyalty as soldiers, as workers, and as citizens generally.

Ask yourself this question: "What am I doing toward helping my country win the war?" If you are not doing something, don't you think you are a very lukewarm American?

The government doesn't ask very much of you. It merely asks you to do without unnecessary things and invest your money saved thereby in securities. You can buy War Savings Stamps and assist the nation.

Remember that every time you buy a War Savings Stamp, which is redeemable in gold in 1923, you are firing a shot at Berlin.

"Germany will sing small, very small, in the end, but we'll answer her like the judge."

The speaker was Provost Marshal General Crowder.

"Yes," he went on, "we'll no more be softened by Germany's penitence than the judge was by the kidnaper who wiped his eyes on his cuff and blubbered:

"'Jedge, I'm down and out.'

"'No, no, my man,' said the judge. 'You're down, but you're not out yet. You won't be out for seven years.'

This is the most scientific war ever fought. There is less dependence on man power and more on machinery than at any time in the history of the world, says the Popular Science Monthly. We pin our faith to high explosives, poison gases, tear shells, gas masks, liquid fire, etc., all of which are applied chemistry, and to machine guns, heavy artillery, automobiles, submarines, airplanes, and so forth, which are very much refined mechanics. The greatest minds in the scientific and mechanical world have pooled their brains and obtained wonderful results.

City Manager T. W. Watson has been suffering from an asthmatic attack and was away from his office in the City Hall Wednesday.

Elder Christian, of the Pacific Union Conference, has just made another trip to Oakland to confer with officials there in regard to denominational work.

Mrs. C. R. Norton and daughter, Mrs. Alma Hillyard, who went north to attend the G. A. R. encampment at Portland, Oregon, are expected home next week.

Mrs. Robert C. Plume has had letters from Sergeant Plume confirming his safe arrival in England which he writes looks very beautiful to him. Every inch appears to be cultivated, he says. His letters do not indicate whether he will remain in England for the present or be sent to France.

Mr. and Mrs. E. M. Bales of 323 S. Jackson street leave today by auto for a month's tour of the north. Their main objective is the Sacramento valley, but they will stop at San Jose for a time to visit friends there and will then go on to Red Bluff. Before returning they may visit Shasta Springs.

Rev. C. R. Norton, of Wilson Avenue, Department Chaplain of the G. A. R. has been invited to officiate at the ceremony in which Commander and Mrs. R. C. Martin of Los Angeles will renew the vows taken fifty years ago. The celebration of their golden wedding will take place at the hall at 1816 Figueroa street, Los Angeles. Mr. Martin has been commander of the Bartlett-Logan Post for the past five years and both he and Mrs. Martin are well known in G. A. R. circles. All comrades of the G. A. R. are invited.

**CIRCLE MEMBERS GET TOGETHER**

Members of the Reading Circle who gather every week at the home of Mrs. Charles Toll on Kenneth Road, had their first meeting Wednesday, September 18th, after a six weeks' vacation. Forty-six were present, and several new members were enrolled, viz: Mesdames A. H. Brown, B. L. Kline, and Herbert Dewes. A number of visitors also enjoyed the meeting the list including: Mesdames Chauncey B. Lane, D. M. Boudna, G. E. Dame, Blake Franklin, E. J. Young and Miss Mary E. Austin of Los Angeles.

The hostess announced extension courses provided by the University of Southern California, in which the ladies were considerably interested, and then the main business of the day was taken up, the consideration of plans for the exhibit which the Circle will make on behalf of the P. T. A. Federation of Glendale at the Liberty Loan Fair to be held in Exposition Park, Los Angeles. A decision was finally reached to have the exhibit consist largely of posters, and to include photographs of the Reading Circle of its meeting place on the toll grounds and social functions in serving tea, etc., together with a condensed history and a shelf of the books used in its study course.

The regular work of the year will begin at next week's meeting when the Circle will take up the book "Marriage and the Sex Problem."

A very interesting letter from Mrs. Ben Nichols, a former president of the High School P. T. A. was read and a pot of ferns sent by her from Camp Lewis was examined with much interest. She has promised to write regularly and give the Circle entertaining information about Camp Lewis.

**LIBERTY LOAN WORKERS.**

Those liberty loan workers who were on the First, Second and Third Loan, are requested to report to the precinct heads for assignment to definite territory.

The precinct arrangement is not to deprive any one of the workers on former sales of the same successful efforts.

F. H. VESPER,  
Chairman.

**STAR OF "BUNNY PULLS THE STRINGS."**

With swelling pride over their success in capturing talent of national reputation, the management of the Harvest Festival announces that Miss Mollie McIntyre, of the well known Morosco Stock company, who has had the star part in the popular play "Bunny Pulls the Strings" will be on the High School grounds at five o'clock this afternoon at the Harvest Festival to sing southern songs. While these are especially dear to southern hearts and we have many in Glendale, they are also favorites with all lovers of music who will greatly enjoy Miss McIntyre's beautiful interpretations.

Careful, responsible driver owning comfortable machine would be pleased to carry parties on long or short drives. Charges moderate. Phone Glendale 980-M. 16-t3\*

**RED CROSS EVENTS**

Sept. 20 and 21—Community Harvest Festival.

Persons planning Red Cross entertainments are requested to have dates reserved by telephoning Mrs. Mabel Franklin Ocker, chairman of Bureau of Entertainments, Glendale 918-J.

**CITY TRUSTEES.**

(Continued from page 1) was ordered that the invitation be accepted and the city officials who can find it possible to attend, do so.

The chairman of the board reported that an order goes into effect on Saturday next which will make it difficult or impossible to obtain oil for street purposes after that date and owing to the incompletely condition of the work of repairing Harvard St. the street superintendent reports that it will be necessary for the completion of this work in a proper manner that the oil be applied on Sunday next.

On motion of Trustee Henry the board adopted the recommendation of the street superintendent as to this work and directed that it be done in accordance with the same.

The chairman reported that the work of changing the names of the streets as now given on the corner of the curbs is being proceeded with as rapidly as practicable.

The City Attorney made a report in regard to the matter of the Pacific Electric rates stating that in his opinion there should be no charge exceeding 5 cents for local travel within the city of Glendale; that he had taken this matter up with the railway officials and he had been told that there had been no change made in these local rates. In actual practice, however, it is a fact that 10 cents is being charged by the railway company in some parts of the city for local travel. He suggested that a committee of the board and representatives of the business interests of the city wait upon Mr. Smith of the traffic department of the Pacific Electric company in regard to this matter. Trustee Henry made a motion, seconded by Trustee Jackson and adopted that a committee be appointed consisting of the chairman of the board, Trustees Muhleman and Shaw, the city attorney and two or three representatives from the business men of the city to act in this capacity.

The city treasurer reported that the sum of \$44,405.50 had been paid into the treasury for the credit of Municipal District No. 2 and that the bonds of that district had been delivered to the purchasers.

The city attorney reported that the matter of re-hearing before the railway commission in the application to fix the telephone rates has been referred back to the commission by the postmaster general and the date of the hearing will be set in the very near future.

In regard to the bill of the Southern Pacific Railway company for moving the tower of Tropico, he had taken the matter up with the proper officials of the company.

On motion of Trustee Muhleman, the matter of duplication of assessments by the County of Los Angeles and City of Glendale on the Kenilworth District recently annexed to this city was referred to the city attorney to be taken up by him with the board of supervisors.

## WAR IS TOO SERIOUS FOR PATRIOTEEING

Booth Tarkington, writing in the Vigilantes, says:

"When the German-Americans, as we call them, found that our country was in the war, they erased the hyphen. The hyphen is gone forever. . . . In our country there are only American citizens."

I quote the above from a recent article issued by the "Vigilantes," and I believe the facts to be virtually as stated. But if they were not, and if the hyphen did actually here and there remain alive, would not the most sensible policy treat it as dead, and at least assume it to be dead, wherever it showed no virulent signs of life. In other words, men can not be goaded into loyalty; they only accumulate a sense of injury under the goad. And it was never more important than at this present time that we should avoid injustice to any citizen. Suspicion, rumor, and coincidence of circumstance should influence neither our judgments nor our actions; much less should we vent our passion against Germany upon the person of him whom we called the German-American.

I speak from the standpoint of one who bitterly opposed the German-American position on the war prior to the American entrance, April, 1917. But the sympathy of the German-American with the German cause, prior to that date, if rightly comprehended, does not imply a sympathy continuing beyond that date, though to many minds this is either an impossible paradox or a symptom of credulity imposed by almost barefaced hypocrisy. It is neither. The German-American, beholding a war between Germany and the allies, sided with Germany. He had not been alienated from Germany, as the rest of us had been alienated (by the Revolutionary war) from England. He saw merely a contrast between foreign powers and sided with that from which he sprang. But when his own country came to actual war with Germany the German-American found himself to be an American. Nevertheless, it is hard for him to show his patriotism when we say to him: "Now, you dirty German-American, drop your tricks and speak up! Repeat these words in a loud shout, 'I am an American and I love the flag,' and if you don't shout loud enough we'll kick you, and maybe we'll kick you any way." Such instruction does not seem quite statesmanlike, or over-Christianlike, either.

Margaret Leland, lately returned from France, says that over there, not long ago, a company of German prisoners, just captured, were being sent back from the front, when they encountered an American regiment, largely from Wisconsin, moving up to the trenches. Many of the Wisconsin boys were of German origin; some among them, indeed, could hardly speak English, and the prisoners were astonished to be greeted noisily and garrulously in their own tongue.

They were even more astonished at the nature of the comments which these strange Germans from America made upon them. In fact, the episode was unamiable. Oaths in the German tongue were frequent and intensive. The German-speaking men of the Wisconsin regiment cursed the captured German soldiers with an inhospitable frankness very shocking to the prisoners, who had been passed in silence by other American regiments, and had received cigarettes from a battalion of English. Words like "dummkopf," and "schweinhund" were employed, with prophetic expletives and the general sense of what the Wisconsin men said to the German cousins was as follows: "You dash-blanked jackasses and idiots, we and our fathers left your old fatherland and went four thousand miles to live in a better place. Now we have to come all the way back, four thousand miles again yet, to slaughter you, because you haven't got any more sense than to believe and obey that old pig-dog of a Kaiser! We'll send your old Kaiser and his princes to sheol, where they can't do any more harm and as for you, dunderheads, you ought to be hanged for making us all this trouble of coming over here to teach you some sense with our bayonets."

The first answer Germany has had from any source is the loyalty of the "German-Americans" to America and that was the answer of all most galling to Germany. Let us not punish them now, when their boys are dying in the American cause—let us not punish them for sins that are not theirs. Let us not patriotize at their expense. Let us not patriotize at all. The war is too serious for patriotizing.

Everybody is getting ready for the Liberty Loan Drive which starts Saturday, September 28. The boys at the front are doing their part. They must be fed, clothed and furnished with war supplies. Money is needed.

## BROADWAY P.T.A.

The Broadway Parent-Teachers' association held one of the most successful and best attended meetings in the history of that organization, on Thursday afternoon. Mrs. Lydia Mercer Kulp is the new president and Miss M. M. Speik is secretary of the organization. Superintendent Richardson D. White was the speaker of the afternoon and his topic the Home and the School was handled from a somewhat new viewpoint, which the war conditions have brought about. The work of the Junior Red Cross will be a means of combining the home work and the school work.

Mrs. A. A. Barton, Federation President whose son is a member of the Broadway school was also present and spoke of the various departments of work which are not only unifying the schools but the community at large. Community singing was urged as one of the means of this unification.

An interesting feature of the afternoon was the singing of "Keep Your Eye on Uncle Sam," a song composed by Miss M. M. Speik, one of the teachers and secretary of the Broadway P.T.A. This was sung by Mrs. Cotton accompanied by Mrs. Farries and was most enthusiastically received by the audience. As an encore Mrs. Cotton sang "The Long, Long Trail." Mrs. Ryan, principal of the Broadway school, introduced the teachers to the mothers present. A social time followed the program. Plans are being completed to have the association meet at the home of the president, Mrs. Kulp, on Thursdays to sew for the Red Cross. Further announcement will be made of this.

## HOT DOGS.

This is a cool day and you will want a good lunch. You can get it any time from early afternoon to 10:30 tonight on the High School grounds by hunting up Mrs. A. S. Chase, who has charge of the Hot Dog Dooth. People who know her skill declare she makes the most perfectly delicious hot dogs that any one could imagine, that she is a genius in that line. Nothing short of the Red Cross could persuade her to a public demonstration of an art which has heretofore been practiced for the benefit of her family and intimate friends. It is a rare chance to find out how hot dogs in perfection really ought to taste.

## RAZOR GRINDING AND SHARPENING

## LA CRESENTA

The La Crescenta Women's Club will meet at the home of Mrs. Mary Thomson on Wednesday, October 9. A full attendance is requested and quarterly dues should be paid at this meeting.

The vaudeville and dance announced for October 19, has been postponed. The Red Cross headquarters at Washington, D. C., have decided that no entertainments for raising funds for the Red Cross are to be allowed.

School will reopen on Monday, September 23. All children are expected to be on time and register that they may be assigned their places and receive their books.

On Tuesday, September 24, at 3 P. M. there will be held at the school auditorium a general meeting of the Red Cross. Every member is expected to be present as very important business will be discussed. Speakers from out of town will be present to tell about the work.

Mrs. Leon Bertrand who has been quite ill with a gashed ear is recovering.

Mrs. Mary Thomson has received a letter from Leigh, her son in France, and also one from Joe. He has been transferred to Norfolk, Va.

Mr. and Mrs. Curtis Hargett are leaving for Arizona.

Mis sCraig has had several house guests over the week end. They are very enthusiastic over Crescenta.

Mr. and Mrs. H. A. Baldwin have had Mr. and Mrs. Blackwood and Mr. and Mrs. Armand as guests for a few days. Mr. Armand will join his regiment shortly.

Mr. and Mrs. J. L. Hauber had a surprise visit from their cousins from San Barnadino on Wednesday.

The next picture show will be October 1. The feature and comedy will be announced next week.

The Red Cross classes are filling up but there is still plenty of room for helpers. Come out and help make up that quota of dresses and garments that we are called upon to furnish. Mrs. Ayers and Mrs. Miller will be glad to welcome you, give you plenty of work to keep you busy and you will have a good time as well as do good.

Your War Saving Stamp pledges are due. The month is on the last half. Do your part.

Mr. and Mrs. Cazzolent have returned from their vacation and are delighted with their new decorations.

## SUNLAND.

Mr. and Mrs. Wood Hagen and children, of Los Angeles, were Sunday guests at the home of George E. Huse.

Miss Marion DeVoe, of Bellingham, Wash., is the guest of Mrs. C. B. Johnson this week.

Mr. and Mrs. Ivin Spinney returned to Sunland Sunday after a two weeks' trip to San Francisco and other places. They will remain here until next Saturday, when they will go to their home in Jerome, Ariz.

There has been much dissatisfaction in regard to the handling of the pupils who attend the High School at Glendale. Mr. Richardson was ready and willing to take the children to Glendale providing they would all ride, but it was very unsatisfactory for him to take a stage for the pupils and expect them to ride and have part of them getting rides any way they could to save fare. If we expect accommodations we must at least "play fair." Can't the parents get together with Mr. Richardson and make some arrangement that would be agreeable to all or are a few so selfish they wish to make it inconvenient for all.

Will Graham has been ill at his home this week.

The young people gave Mr. and Mrs. Ivin Spinney a charivari last Wednesday evening. They were invited in at the home of the bride's parents, Mr. and Mrs. Lancaster, and royally entertained by Mr. Harold Murry and Harold Lancaster, who were fine in the art of stunts.

John Fischer moved from Los Angeles to Sunland this week and has accepted the overseer's job at the Adams & Co.'s cannery. Mr. Adams has been very short of help and it has been difficult to handle

the immense quantity of fruit being hauled in by the growers. The success of this cannery means much to the upbuilding of Sunland.

Wednesday evening, September 25, the First Baptist church will hold their regular yearly business meeting. It is expected that every member who possibly can will be in attendance.

Mr. and Mrs. Lancaster and daughter, Mrs. Murry, were Sunday guests at the home of Mr. and Mrs. Spinney, of Los Angeles.

Leave your order for the Glendale Sentinel-Progress with Mrs. Huse on Summer avenue. You get all the news of the surrounding country when you take the Progress.

Miss Winifred Herron has recovered from the effects of her fall down stairs at her home, and is able to attend school this week.

Mr. Horton was taken to Los Angeles to be cared for at the home of his daughter, Mrs. Edwards.

The growers of Sunland should be happy at the price which grapes and peaches are bringing on the Los Angeles market. The trucks are sure busy hauling the fruit. They run night and day.

Mrs. A. J. Richardson has donned the uniform and is "doing her bit" by driving the stage during the rush of the fruit when it is impossible to get a man to help.

The Monte Vista school opened with an attendance of 33. Miss Jones the principal has accepted a position in the Los Angeles schools and Miss Mitsner appointed principal and this week has been doing the work of two teachers. Another teacher will be supplied by next week. Miss Jones was a fine teacher and Sunland is sorry to lose her, but glad for her advancement.

## JUDGE TO DEFENDANT

Explain to the court how you came to take home coffee other than Booth's.

## Defendant:

Well, your Honor, I went into a store and the clerk gave me some coffee and said it was just as good as Booth's.

## Judge:

You will be discharged this time. It's a wonder your whole family were not poisoned, drinking any other coffee than Booth's.
